

THE NATIONAL TRIBUNE PREMIUM LIST.

Given for Clubs and Single
Subscribers.

AN UNEQUALED ARRAY OF OPPORTUNITIES.

HERE is a series of articles of the highest merit, which we will give all our friends the opportunity of obtaining in the easiest possible way. Our object in offering these splendid premiums is to reward our club raisers. We have been at great trouble and expense in making up this list of premiums. We have had two prime considerations in view as to the character of the articles: First, we have accepted nothing but the very best things; and, second, we have insisted upon arrangements direct with the manufacturers at the very lowest rates, so as to be able to give our subscribers the advantage of the lowest possible prices.

We have accepted no cheap-grade jewelry. There is no so-called aluminum gold, fire gilt, or cheap brass, which is simply polished metal, but everything in the list is of a class we can warrant exactly as represented.

We have also demanded and secured from the manufacturers only the latest and most fashionable styles.

We expect that every subscriber will find something he or she will want, and will send us the club required and get it.

We mean, of course, in each case where we say clubs or subscribers, subscribers to THE NATIONAL TRIBUNE for one year, and the full price of the paper, viz., \$1 a year for each subscriber, must accompany the name sent.

Write all addresses very plainly, giving full name, Postoffice, County and State. Much trouble is saved by never omitting the County, because there are so many post-offices of the same name. If the County is omitted, it is sometimes difficult to tell whether Nevada or Nebraska, Mississippi or Minnesota is meant, for example.

In ordering, be particular to give the number of the article as well as the name. The best way to send money is by Postoffice Money Order, in which case it may be sent at our risk.

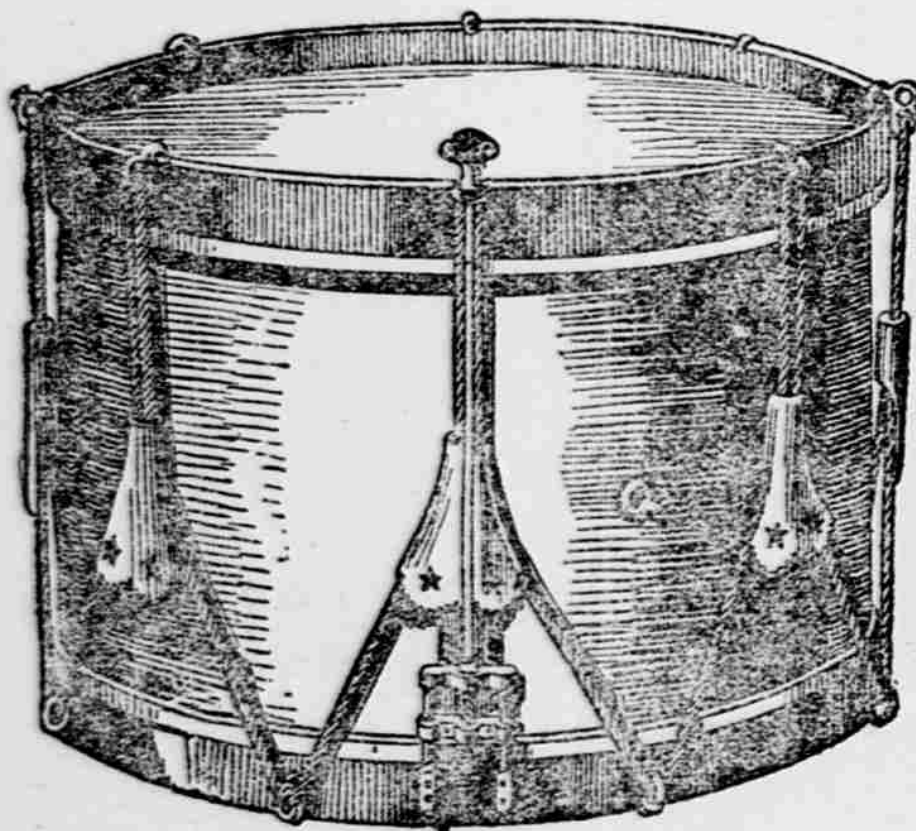

If your local Postoffice is not a money-order office, the best way is to register your letter. Money may also be safely sent by Express Money Order or Bank Drafts. Do not send local bank checks. Remember also that postal notes are no safer than money or stamps enclosed in an envelope, being cashed by anyone into whose hands they may fall. Postage stamps are a drug, and, while taken, are very inconvenient, because we have more now than we can use, and the Government does not redeem them.

No goods will be sent C. O. D.

CAMPAIGN SUPPLIED WITH FIFES AND CLUBS DRUMS AT THE LOWEST PRICES EVER KNOWN.

THE NATIONAL TRIBUNE recognizes the fact that the campaign upon which we have just entered will be the most exciting ever known. The greatest feature of any campaign club or community at such a time is a well-organized Fife and Drum Corps. A small number of bright boys or young men instructed by the best drummer in the town can in a few lessons become expert, and they can arouse the greatest enthusiasm for their favorite candidate. Drums and fifes have heretofore been very high-out of the people's reach in fact. THE NATIONAL TRIBUNE cuts the price and gives the people the advantage of its great discounts.

Drum No. 1.

This is a handsome 16-inch snare drum just like the cut. It is either rosewood or selected oak. A pair of good sticks goes with it. It has two calfskin heads, high quality hoops, extra strong cord, and long shank snare strainer. This drum is good for many campaigns, and in most cases will form a nucleus for a village band, for musical taste is readily developed. The regular price of this drum is \$9.75. We will sell it to any subscriber for \$6.32, or we will send it as a premium for a club of 10 subscribers and \$3 added money.

Drum No. 2.

This is a deep-toned, magnificent 24-inch bass drum. It is made of mahogany and has a calfskin head. A fine stick goes with it, and in finish it is really a superb instrument. The regular price is \$15.50. We will sell it for \$9.70, or we will send it as a premium for a club of 10 subscribers and \$6 added money.

Fife No. 1.

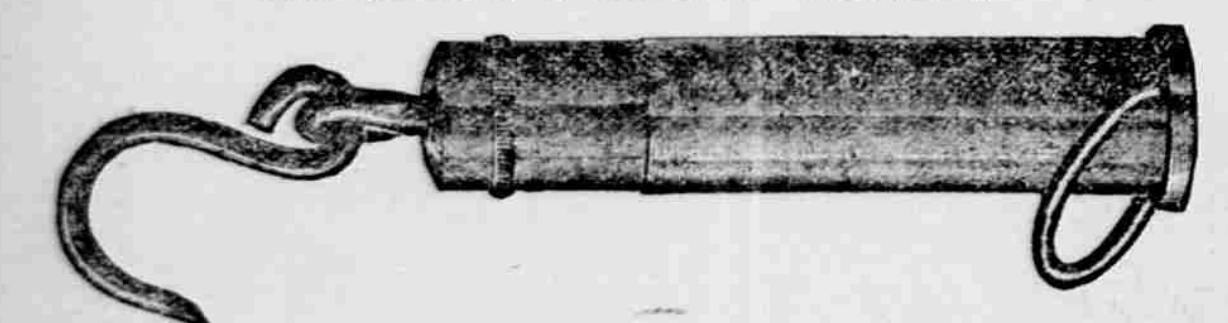

This is an elegant instrument. It is made of rosewood with brass ferules. Any boy can learn to play in a short time, and as a memento of an important campaign, with its exciting notes, it cannot be excelled. The retail price is about \$1, but we will send it to any subscriber and guarantee safe delivery for 50 cents, or we will send it for a club of two subscribers and 25 cents added money. The purchaser must pay express charges on the drums. We pay charges on the fife.

PRICE \$1.50 EACH. A NOVEL TIMEPIECE. The Cheapest Watch and Clock Com- bined Ever Made.

We have arranged for a novelty in the way of a timepiece at a price before unprecedented for an honest article of this description. It is made at Waterbury, Conn. It is shown in the cut three-quarters size, except the chain, which does not appear in the picture. The face is of beveled glass, one and seven-eighths inches in diameter. Its diameter over all is two and one-half inches. It is one and one-quarter inches thick. Its weight is less than that of an ordinary watch, being only about five ounces, including both works and case. The case is made of lacquered brass, which will remain bright when carried in the pocket. This timepiece has been constructed upon the model of a spring-clock, and is precisely like it, except that it has been reduced in size to the dimensions given. It has been adjusted to run accurately in any position, either when hanging up or carried in the pocket. It is wound by means of a patent device, which requires no key. We send with the timepiece a guarantee of satisfaction, and although its cost is trifling, for many purposes it will answer as well as any other kind of watch or clock. To those who cannot afford an expensive watch, and still need some kind of portable timepiece, this will be found a most desirable time-keeper.

It will be sent postpaid to any subscriber for \$1.50, or free as a premium for a Club of eight subscribers for one year.

NOVELTY POCKET SCALE.

This handsome scale truly supplies a long-felt want. It is positively indispensable in this day of intelligent housewifery, in the dairy, in the pantry, in the storeroom. It is an article useful to all who have occasion to do accurate weighing in various places of different commodities, as it weighs accurately from 2 ounces to 15 pounds. It is not cheaply made, but is of metal, heavily plated with nickel. It will last a lifetime, and is guaranteed to be satisfactory. Sent postpaid on receipt of 50 cents, or free to anyone sending us a club of two subscribers.

THE G.A.R. WATCH

A Handsome Timepiece
FOR
National Tribune Subscribers.
The Latest Product of the Elgin
and Waltham Factories.

No. 302.

The above cut conveys a good idea of one of the great G.A.R. Watches made expressly for our subscribers. So many have called for them that we have at last decided to sell these elegant watches at so low a price that all veterans may enjoy the possession of handsome, durable and accurate Waltham and Elgin Watches. The G.A.R. Watch is either a Waltham or an Elgin, as the purchaser may choose. The works are made from the finest selected material. Each contains eleven valuable jewels, tenured steel springs, compensating expansion balance, patent safety pinion, stem-winding and pendant-setting apparatus, full plate, dust-band that excludes every particle of dust, quick train, jeweled balance, selected porcelain dial, and all the latest and greatest improvements. The case is made of nickel silver, a composition just as handsome and durable as gold. The case is dust-proof, and need never be opened, because the Watch winds by turning the crown (or stem), and sets by pulling it out till it clicks, then pressing it back into place after setting, a wonderful feature that makes this Watch unique. On the back of this case the "G.A.R." badge, the emblem of glorious service, patient suffering and triumphant victory, is engraved by hand. As the fortunate purchaser sees this beautiful reward of patriotism a thought will come to his mind of the boys in blue who never saw a "G.A.R." badge, but who gave up their lives in battle. This Watch is well worth double what we ask for it, but we have placed the price so low that all may get it. We will send it for a club of 10 subscribers and \$5 added money. For sale, delivery guaranteed, for \$9.25

THE NEW WINCHESTER SHOTGUN.

The Greatest Chance Ever Offered to

Get a First-Class Gun.

WINCHESTER REPEATER \$20.

SOLD TO SUBSCRIBERS ONLY.

The Winchester Arms Co. has long held the first place in the world for manufacturing high-class firearms. By a special arrangement we are able to offer their repeating shotgun at a fraction of its real value. The magazine or repeating gun has superseded the breech loader for field shooting. This gun has a 36 or 32-inch barrel and is 10 or 12 gauge, according to choice. It carries six loaded shells and has a rolled steel barrel, pistol grip stock 12 1/2 inches in length, drop 23 inches, and choke-bore. The 12-gauge gun weighs about 7 1/2 lbs., and the 10-gauge gun about 8 1/2 lbs. Wherever it has been introduced the magazine gun has superseded the breech loader as effectively as the latter took the place of the muzzle-loader. In all kinds of field sport, from wild game to quail-shooting, the advantage of having six shots ready at a rise instead of two is apparent. In actual practice this gun can be emptied of its six shots in eight seconds by a good wing shot. Thousands have been sold this season to prairie-chicken shooters in the West, and the gun has made a splendid record when put to the test of the "bag" in competition with fancy-priced breech-loaders. Sold only to subscribers. The gun will be boxed and sent to the nearest railroad station for \$20. The purchaser will pay the express charges, which will not be large, because we have arranged to have shipment made from a central point. In ordering be sure to give your nearest railroad station, because the guns are too heavy to be sent by mail.

LADIES' GOLD CUFF BUTTON.

THE WORLD'S FAIR

COMBINATION

GAMES & PUZZLES

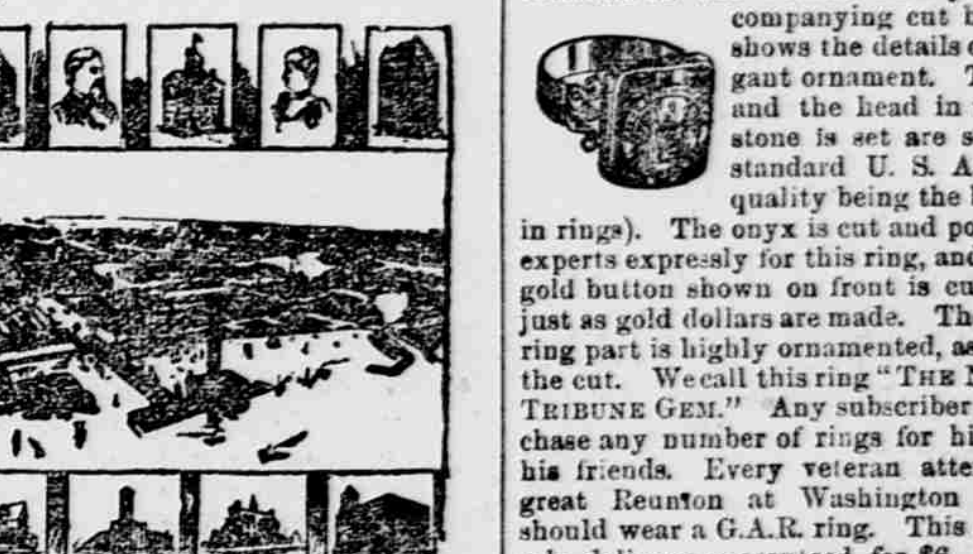

COMPRISING

Two Fascinating Parlor Games

PLAYED WITH 60 CARDS.

Aside from these two engaging and instructive

Games, entitled "World's Fair" and "Rivalry," there is also a grand "Puzzle Picture," of a beautifully-colored bird's-eye view of the Columbian Exposition Grounds and Buildings; also dissected Pictures of the different Fair Buildings. In addition to the above-named list are also included in this unrivaled and entirely novel outfit Portraits of the Managers and Directors, 10 Pictures of the most notably picturesque Buildings, and 18 Pictures of the unsurpassed colossal Business Blocks of Chicago.

Never in the history of the world has there been such an assemblage of great men and skilled workmanship as will be at this famous Exhibition. The game is a stepping-stone toward the realization of the immensity of the affair, and no one who anticipates visiting the Fair can afford to let this opportunity pass for gaining familiarity with the principal leaders of the enterprise, the plan of the grounds, and the appearance of the most important buildings. This offer is alike desirable for the old and young, those living in cities or in the country. An evening's enjoyment for any number of persons may be had from the several features of the instrument.

There are 60 cards, of ordinary playing size, with which the games are played, and when put together make the Puzzle Picture. This view is lithographed in colors, giving the best and most detailed view ever offered. The portraits, State buildings, and business blocks are in photographic tints. On the reverse side are the 15 large individual buildings, printed in soft, clear, tinted half-tones, and each building covers four cards, giving a very exact and complete view of its architecture and material. The designs are all from the very best artists in Chicago. This outfit is a great factor in educating young children to grasp the idea of the immensity and importance of the enterprise. Packed securely in each box with the outfit is a set of rules giving specific directions for use.
